

## ARDEN HOUSE DENTAL TEAM EXPANDS WITH DENTAL THERAPIST

Arden House DENTAL *centre for excellence*, situated on London Road, Charlton Kings in Cheltenham has recently welcomed Lisa McLaren to the dental team in the role of dental therapist. A new position within the practice, Lisa combines the hygienist role with that of dental support.

Lisa is able to combine the skills of the hygienist and dentist - helping maintain dental health and giving advice on keeping gums healthy, as well as being able to administer fillings.

Having a dental therapist within the team means that Arden House DENTAL can extend their dental services. Ian Hazlem, said: "We are delighted to welcome Lisa to the team and understand that family visits to the dentist can be a strain on the budget. Lisa enables us to continue to provide affordable family dental care for adults and children. It will really help that Lisa is great with children and has been trained to look after any anxiety."

Lisa said; "Dental hygiene for everyone is important and I really enjoy treating children including the "first timers", nervous and cheeky ones! It will be great to look after the whole family and I am really enjoying both aspects of the job."

Notes to Editors:

- Arden House DENTAL has been run by Ian Hazlem for the last 18 years.
- Arden House DENTAL offers a number of unique services to clients including same day dental crowns, the crowns are created with the aid of the Cerec 3D system.
- Arden House DENTAL pride themselves on their homely and “undentist-like” atmosphere within the practice. Ian’s five dogs also accompany him to work and they have built up their own fan base amongst the patients over the years. Whilst Ian is working, patients can watch and enjoy the dog’s adventures outside in their play area, from the waiting room.
